## **B. Finance Department Activities Update**

### **Action:**

1. Received and filed.

## **7. REPORTS / DISCUSSION**

### **A. The Economy and Financial Markets**

Richard Babbe, Managing Director of Public Financial Management, provided an overview of the economic prospects as of March 31, 2021, as well as potential future fiscal policy changes. The U.S. daily case count rose slightly as the COVID-19 Delta variant has surfaced, but only approximately 12k daily cases reported, which is significantly less than what we saw in April and May of this year. Only about 50% in the U.S. are fully vaccinated. The services activity surprisingly fell from a record high, mainly due to the challenge with material shortages and the employment resources that continue to be an impediment to the business conditions. The Federal Reserve anticipates near-zero rates through 2023. According to Bloomberg, the Treasury Yield Curve steepened on economic optimism and with long-term rates lifted by rising inflation expectations buoyed by fiscal stimulus measures.

WRCOG's portfolio as of June 30, 2021, is averaging a yield at cost of .86% which has an average duration of 1.86 years. The total market value of the portfolio is \$38,530,415.

### **Action:**

1. Received and filed.

### **B. TUMF Program Updates for Fiscal Year 2020/2021**

Chris Gray, WRCOG Deputy Executive Director, reported that the TUMF Program reached significant levels of revenue in Fiscal Year (FY) 2020/2021 with \$60M collected. This revenue is the second highest collection since 2007. The overall trend is that collections for all Zones increased in FY 2020/2021 except for the Northwest Zone where revenue decreased from the previous fiscal year. The majority of TUMF collections is made up of the Single-Family land use of 74%.

WRCOG regularly convenes Zone Committee meetings to develop Transportation Improvement Programs (TIPs), which allocate funding to specific projects in the subregion based on projected revenues for each Zone. Projected revenue is calculated for each TIP based on the average collections from the Zone for the past three fiscal years and adjusted to account for the TUMF dollar split. Once a project is on the TIP, funding is provided to member agencies on a reimbursement basis as the projects progress. The FY 2021/2022 TIP documents for each Zone are scheduled to be adopted this fall. Staff is currently working with jurisdictions to get all the Zone meetings scheduled.

Staff is required to bring information annually on the TUMF Construction Cost Index (CCI) adjustment. This information is to be brought through the WRCOG Committee structure for discussion and

recommendation for consideration by the Executive Committee. The CCI is an administrative element of the TUMF Program and is intended to keep the dollar value of the Program whole. The 2021 CCI was brought forward and the Executive Committee approved a 3% fee increase at its July 2021 meeting. This increase will take effect on January 1, 2022.

**Action:**

1. Received and filed.

**C. 4th Quarter Draft Budget Amendment for Fiscal Year 2020/2021**

Andrew Ruiz, WRCOG Chief Financial Officer, presented on the Fiscal Year 2020/2021 4th Quarter Budget Amendment. The most significant jump was in the Transportation Department with higher than anticipated TUMF collections of approximately \$27M. There was also \$249k in additional expenses which will be offset by additional revenues.

The Administration Department expenditures exceed \$75k over the budgeted amount. This was due to additional legal fees, office equipment for staff to work remote, and consulting labor. This amount will be offset by a decrease in unused expenditures in other categories. The Environmental Department had additional advertising costs for the Used Oil Program and event support for the Clean Cities Program of \$54k, which will be offset by a decrease in unused expenditures in other categories. Lastly, the Energy Department had approximately \$2M in revenues go over budget, primarily due to additional revenues collected in the HERO residential Program due to additional payoffs. Additionally, the PACE commercial programs collected \$400k in revenue over budget. There was also \$1.3M in additional expenses due to legal and settlement costs with the HERO Program. These expenses will be offset by addition revenues.

**Action:**

1. Recommended that the Executive Committee approve the 4th Quarter draft Budget Amendment for Fiscal Year 2020/2021.

(Wildomar / Jurupa Valley) 12 yes; 0 no; 0 abstain; Item 7.C was approved.

**8. REPORT FROM THE CHIEF FINANCIAL OFFICER**

Andrew Ruiz presented the outgoing Chair, Matt Schenk, with a thank you plaque, thanking him for his past year of service. Mr. Ruiz introduced WRCOG's new Executive Director, Dr. Kurt Wilson.

**9. ITEMS FOR FUTURE AGENDAS**

Committee members requested presentations from the Riverside County Sheriff, CalPERS, and the Riverside County Auditor-Controller.

**10. GENERAL ANNOUNCEMENTS**

Committee member Jennifer Ustation shared that she is the Interim Finance Director since Jeff Mohlenkamp's retirement.

**11. NEXT MEETING**

The next Finance Directors Committee meeting is scheduled for Thursday, October 28, 2021, at 1:00 p.m., on the Zoom platform.

## **12. ADJOURNMENT**

The meeting of the Finance Directors Committee adjourned at 1:37 p.m.

**Purpose:**

The purpose of this item is to provide an update on the Agency Audit for Fiscal Year 2020/2021 and financials through September 2021.

**Background:**

**Fiscal Year 2020/2021 Agency Audit**

WRCOG's annual Agency audit is currently in progress. Staff anticipate the audit to be completed by November 2021 and the CAFR issued by December 2021. Staff will begin to present to its various committees in January 2022. WRCOG has received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting for the past seven years and will be applying for the award once the audit has been completed.

Additionally, WRCOG will be submitting a Request for Proposal for financial audit services. WRCOG has utilized the services of the audit firm Rogers, Anderson, Malody, and Scott, LLC, for the past five years to conduct its financial audit.

**Financial Report Summary Through September 2021**

The Agency's Financial Report summary through September 2021, a monthly overview of WRCOG's financial statements in the form of combined Agency revenues and costs, is provided as Attachment 1. These are preliminary numbers and have not yet been finalized for the fiscal year.

## Staff Report

**Subject:** Regional Streetlight Program Activities Update  
**Contact:** Daniel Soltero, Program Manager, [dsoltero@wrcog.us](mailto:dsoltero@wrcog.us), (951) 405-6738  
**Date:** October 28, 2021

### **Requested Action(s):**

1. Receive and file.

### **Purpose:**

The purpose of this item is to provide updates from the Regional Streetlight Program.

### **Background:**

*At the direction of the Executive Committee, WRCOG developed a Regional Streetlight Program that assisted 10 member agencies and a Community Service District to purchase streetlights previously owned and operated by Southern California Edison (SCE) within their jurisdictional boundaries. Once the streetlights were purchased by the member agency, the lamps were retrofitted to light-emitting diode (LED) technology to provide more economical operations (i.e., lower maintenance costs and reduced energy use). Local control of the streetlight system provides agencies with opportunities for future revenue generation such as digital-ready networks and telecommunications and information technology strategies.*

### **Refinancing Opportunities**

By way of background, the Regional Streetlight Program developed and provided a financing structure for interested agencies to acquire streetlights from SCE and complete the LED retrofit project. In September 2016, the Executive Committee recommended that agencies interested in financing the acquisition and retrofit of streetlights utilize Bank of America Public Capital Corporation (Bank of America), as Bank of America provided the most competitive financing. By June 2019, the eight participating agencies listed below had completed a financing transaction with Bank of America:

1. City of Eastvale
2. City of Lake Elsinore
3. City of Menifee
4. City of Moreno Valley
5. City of Murrieta
6. City of Perris
7. City of San Jacinto
8. City of Wildomar

In July 2021, staff received several inquiries regarding possible refinancing options for streetlight lease agreements due to historically low interest rates. In October 2020, the City of Murrieta became the first participating agency to refinance its streetlight lease agreement with Bank of America for a lower interest rate and an estimated \$1.5M reduction in paid interest. In August 2021, the City of Lake Elsinore became the second city to refinance its streetlight lease agreement with Bank of America for a lower interest rate thereby reducing its interest over the payback period by nearly \$500,000. Most recently, in September 2021, the City of Menifee closed on its refinancing deal with Bank of America and will save over \$444,000 over the life of the financing. Given that three participating agencies have successfully refinanced their streetlight lease agreements with Bank of America, staff will be exploring refinancing options with Bank of America for the remaining five agencies. The attached Regional Streetlight Program Interest Rate Comparison table compares the interest rates from the initial financing to the current interest rate environment.

### **Semi-Annual Invoices & Payments**

The Regional Streetlight Program provides administration services for 10 of the 11 participating agencies, including the Cities of Eastvale, Hemet, Lake Elsinore, Menifee, Murrieta, Perris, San Jacinto, Temecula, Wildomar, and the Jurupa Community Services District (JCSD). As part of the Program's administrative services, the agencies are invoiced on a semi-annual basis, due each June 1 and December 1 through the life of the Program. Depending on the agency's funding source for the acquisition and retrofit project, the semi-annual invoices may include costs for the financing such as debt service / rental payments and paying agent fees, and typically include Program costs including the WRCOG administrative fee and streetlight operations & maintenance (O&M). Starting in the years 2026 and 2027, the semi-annual invoices will also include a line item for the re-lamp reserve, which is intended to set aside funds for a future replacement of LED streetlight fixtures. As a reminder, WRCOG has submitted the December 1, 2021, semi-annual invoice to the agencies receiving the Program's administration services, which currently include all participating agencies with the exception of the City of Moreno Valley.

For context, the agencies that self-funded the project, including the Cities of Hemet and Temecula, as well as the Jurupa Community Services District, are only billed for the administrative fee and, if applicable, are also billed for O&M and re-lamp reserve. In this case, the self-funded agencies remit the semi-annual payments directly to WRCOG by the June 1 and December 1 due dates. Moreover, the agencies that utilized the financing framework for the streetlight acquisition and LED retrofit entered into agreements with Bank of America for funding and Wilmington Trust National Association (Wilmington) for escrow and paying agent services. As such, the semi-annual invoices for the financing agencies will include line items for debt service / rental payments to Bank of America, paying agent fees to Wilmington, administrative fees to WRCOG, O&M costs, and eventually the re-lamp reserve, if applicable. Once the agency receives its semi-annual invoice, it submits payment to Wilmington which then allocates the correct amount of debt service, paying agent fees, administrative fee, O&M costs, and re-lamp reserve when applicable to the appropriate accounts thereby completing the June 1 or December 1 payment.
