

**Western Riverside Council of Governments
Grant Opportunities and Forecast
November 8, 2022**

(NEW! is noted for grants added in the past 14 days)

The grant opportunities beginning on the next page are part of WRCOG's emphasis to return as much grant funding to member agencies as possible. To that end, WRCOG may be able to assist member agencies with grant writing for the grant programs listed in Table 2. Please also see Table 3 for additional opportunities for your agency that cannot be facilitated by WRCOG, but might be of interest.

To help clarify the level of effort needed to develop the proposals, we have created a key for ready reference.

Key: Level of Difficulty (LOD)	
Simple	A simple level of difficulty indicates an application that may take 8 hours or less to develop and can likely be accomplished “in-house” with minimal effort/allocation of internal resources.
Medium	A medium level of difficulty indicates an application process that will take a more substantial allocation of internal resources to accomplish and might possibly require outside assistance (20-70 hours to develop application).
Complex	A complex level of difficulty indicates a VERY competitive opportunity, with a small success rate and intensive grant-development and positioning.

Additionally, we have included the “Success Rates” for each opportunity (if known). This statistic is indicated in **blue** in the “Notes” column, and provides the number of applications awarded in relation to the number of applications submitted (if known). The table also includes a link to past grant awards, if known. Success rates and links to past awards are not listed for “On the Horizon/NOFAs Not Released” section of Table 4.

Please contact Chris Tzeng, WRCOG Program Manager, at (951) 405-6711 for more information about grant writing assistance.

TABLE 1 New Grant Opportunities			
Deadline	Name of Grant	Grant Number*	Page Number
12/13/2022	Local Government Waste Tire Enforcement (TEA) Grant Program	33	37
01/12/2023	Sustaining Cultural Heritage Collections	45	47
01/17/2023	Beverage Container Recycling Grant and Payment Programs	46	48
02/23/2023	Clean Transportation Program Light-Duty Vehicle and Multi-Use Hydrogen Refueling Infrastructure	52	52
First Come, First Served	VW Settlement Fund Transit, School, and Shuttle Buses Program	73	69

*By selecting the Grant Number in Table 1, you will be navigated directly to that grant opportunity in Table 2 or Table 3.
